

The two calculations have the same answer.

	3	8	4	1	7
+		9	9	9	9
<hr/>					
<hr/>					

	3	8	4	1	6
+	1	0	0	0	0
<hr/>					
<hr/>					

True

This can be checked by doing both calculations, or by partitioning the first number then recombining.

$$\begin{aligned} 38,417 + 9,999 &= 38,416 + 1 + 9,999 \\ &= 38,416 + 10,000 \end{aligned}$$
